ESL World Studies   Name:_____

Unit 3: Europe

You will have <u>only</u> three days to create a beautiful presentation of your assigned country. First, you must check your school email to view the sample presentation. Then make a copy of the attachment in order to make some changes. Consequently, save your presentation as **yourassignedcountry_yourlastname** (for example if your country is Spain and your last name is Williams, you must save your work as *Spain_Williams*). Finally, you must share the presentation with me to be graded on Tuesday, January 13th. My e-mail is mwilliams@usd116.org. The subject of your email should be exactly what you use to save your presentation (Spain_Williams).

Note: If you use PowerPoint Presentation, you must save your presentation in a USB or in your e-mail. If you use Google Presentation, you are not required to save your presentation because the program does it for you.

For this assignment you must research information online (see CIA World Factbook or other reliable source) and find the corresponding information for your slides. If it is needed it, use Google Translation to translate parts of the information from the CIA World Factbook website. Keep it simple!
